

2025 RHYS MOTORSPORT Sponsorship Opportunity

I have just completed my first full Junior Rally Season, 2024.

I led the Novice Championship, until drop scores were taken into account, which put me Tied 2nd on points.

I am looking for support to compete in the J1000 (Scotland) and select F1000 (England and Wales) Rally Championships.

My goal is to increase my time in competition and develop my skills behind the wheel. To enable me to push for an overall title in 2025 / 2026.

What is Rallying

How a Rally works

A Rally consists of several stages, which are the timed competitive part of the Rally. The stage times are added up, and the person with the least amount of time wins.

Diverse Tracks

Juniors compete in single venue events. These are usually held on airfields, race/sprint tracks, or MoD bases.

Testimonial

I have been co-driving for Rhys for the 2024 season.

He has continuously impressed me throughout the year.

From designing and purchasing his own team wear for us both to maximising every mile of test days. He is 100% committed at every event.

In the rally car he has a very mature approach. He isn't afraid to push the boundaries of the car or his own ability without losing control.

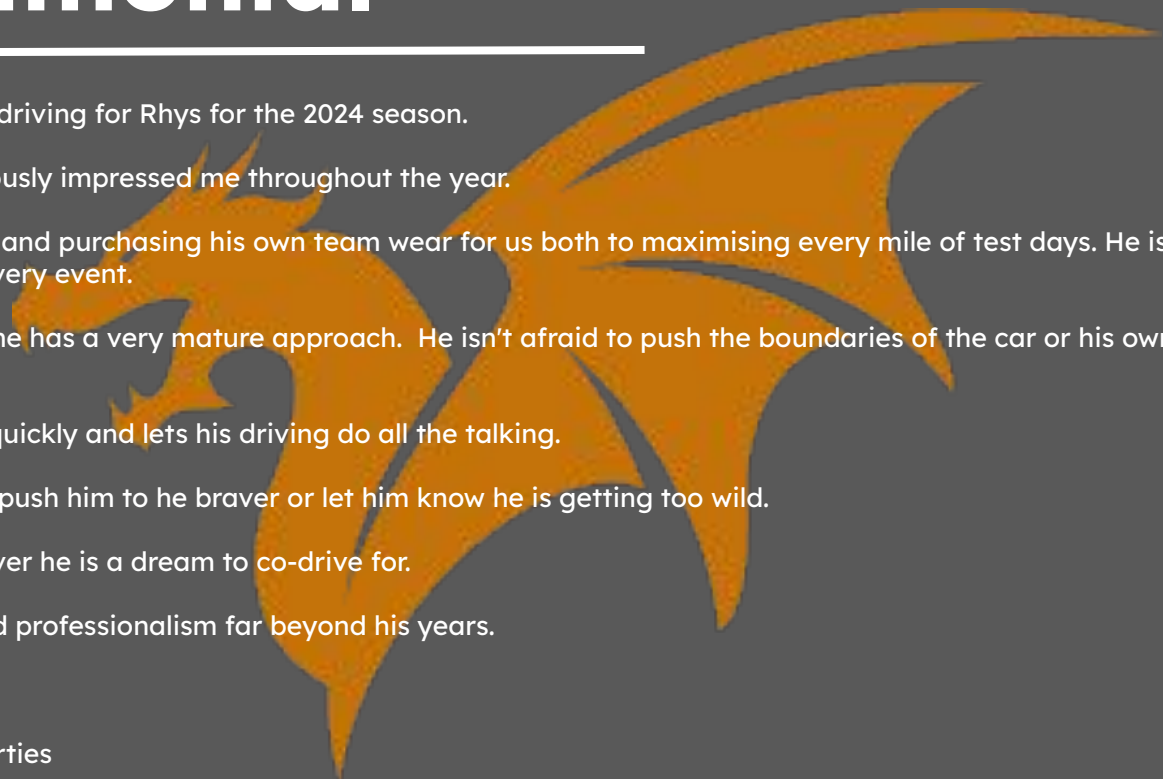

He learns very quickly and lets his driving do all the talking.

I never have to push him to be braver or let him know he is getting too wild.

For a young driver he is a dream to co-drive for.

He has skills and professionalism far beyond his years.

Paul Cummins
Director
Love Life Properties

The Car

The car is a 1-litre Volkswagen UP! Rally car that's been built to the specifications required for the junior 1000 series.

Specifications

- 1.0L engine
- Standard 5 speed gearbox
- BC racing adjustable suspension
- Standard brake discs with upgraded pads
- Motorsport safety equipment
- Championship control tyres (Toyo R888R)

The Team

Driver
Rhys Purvin

Co-Driver
Paul Cummins

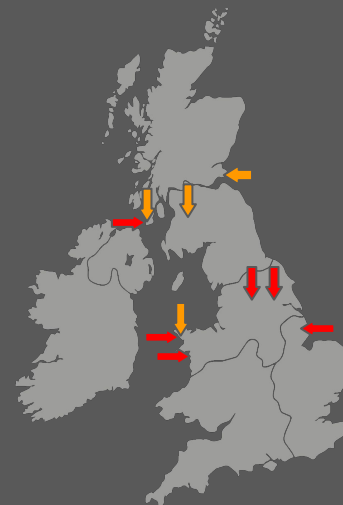

Team Manager
Thomas Purvin
